FLORIDA-CERTIFIED VETERAN BUSINESS ENTERPRISE · SBA-CERTIFIED SDVOSB

The deadline. Title II requires WCAG 2.1 AA for websites, apps, forms, PDFs, and media: **April 26, 2027** for entities serving 50,000 or more, **April 26, 2028** for smaller ones.

A Florida-based, veteran-owned consultancy that tells a public agency where it stands against the Title II deadline and what to fix first, in an Accessibility Conformance Report that marks and evidences every WCAG 2.1 A and AA criterion. Delivered by the principal, a U.S. Navy veteran who founded and led three enterprise AI, data and analytics practices.

Who we serve: cities, counties, school districts, and special districts.

CORE COMPETENCIES

- **Title II Readiness Assessment**. Keyboard, screen reader, and automated testing, delivered as a VPAT 2.5 ACR and a roadmap.
- **Document Inventory & Triage**. Every PDF sorted into retire, replace, remediate, or leave, delivered as a biddable work order.
- **Program & Policy Setup**. Accessibility statement, coordinator, grievance procedure, and ACR-before-purchase language.
- **Ongoing Monitoring**. Recurring scans and an annual reassessment against the prior report.

DIFFERENTIATORS

- **Evaluation only, never the remediation**: no self-assessment.
- **A tagged PDF is not a conforming PDF**: veraPDF checks every one.
- **Local and certified**: Punta Gorda, Florida VBE, on site as needed.
- **Triage before spend**: remediation is priced per page, so sorting obsolete, duplicate, and superseded documents first is the cheapest money in the program.
- **No product to sell**: no overlay, no platform license, no per-page quota.

PAST PERFORMANCE

- **brianbeals.com**: 38 pages, 4 PDF/UA-1 documents, all 50 criteria.
- **ACR, Oct. 17, 2026**: no Partially Supports or Does Not Support.
- **Volume screening**: 22 Florida public entities sampled across four counties, findings mapped to specific success criteria.

COMPANY DATA

UEI	NJLEHNAQATJ6
CAGE	22XM3
