SBA-CERTIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS · SET-ASIDE ELIGIBLE

What applies. Section 508 covers the ICT federal agencies develop, procure, maintain, or use. It has no compliance date: it is in force now, and a VPAT is due with the bid.

A veteran-owned consultancy that establishes where an organization stands against Section 508 and produces what a contracting officer asks for: an Accessibility Conformance Report in VPAT 2.5 format, every criterion marked and evidenced. Delivered by the principal, a U.S. Navy veteran who founded and led three enterprise AI, data and analytics practices.

Who we serve: federal agencies, and the vendors selling ICT to them who owe a VPAT with the bid.

CORE COMPETENCIES

- **Section 508 Conformance Assessment**. Keyboard, screen reader, and automated testing, delivered as a VPAT 2.5 ACR and a roadmap.
- **Vendor VPAT for a Bid**. An independent ACR for the product a solicitation names, delivered by the bid date.
- **Document Inventory & Triage**. Every PDF sorted into retire, replace, remediate, or leave, delivered as a biddable work order.

DIFFERENTIATORS

- **Evaluation only, never the remediation**: no self-assessment.
- **A tagged PDF is not a conforming PDF**: veraPDF checks every one.
- **SDVOSB set-aside eligible**: SBA-certified, active in SAM.gov.
- **Triage before spend**: remediation is priced per page, so sorting obsolete, duplicate, and superseded documents first is the cheapest money in the program.
- **No product to sell**: no overlay, no platform license, no per-page quota.

PAST PERFORMANCE

- **brianbeals.com**: 34 pages, 6 PDF/UA-1 documents, all 50 criteria.
- **ACR, Oct. 11, 2026**: no Partially Supports or Does Not Support.
- **Volume screening**: 22 Florida public entities sampled across four counties, findings mapped to specific success criteria.
